

## VIOLENCE AND MENTAL HEALTH WORKSHOP

Protect International is pleased to present a 2-Day Violence and Mental Health Workshop. The workshop is taking place between 2-3 November 2020 virtually via Zoom.

### WHY ATTEND?

Although serious mental health problems are a very important risk factor for future violence, many threat assessment professionals are not confident recognizing and responding to symptoms of mental disorder. During this workshop you will be provided with an overview of mental disorder, diagnostic systems, and diagnostic categories; causal associations of mental disorder, r and personality disorder and violence risk; tools for identifying relevant symptoms of mental disorder/personality disorder; and strategies for information gathering and risk communication. Participants will be given an opportunity build their skills in this area through role plays and practice cases.

### WHO SHOULD ATTEND?

This workshop is designed for professionals whose work involves risk assessment and management, including those working in criminal justice, security, victim services, forensic mental health, civil mental health, general health care, social services, human resources, occupational health and safety, and legal services.

### WORKSHOP INSTRUCTORS

**Dr. Stephen Hart** and **Dr. Brianne Layden** are an internationally recognized experts, prolific authors, and engaging presenters. They have been involved in developing, implementing, and evaluating risk assessment procedures around the world. They are passionate about providing evidence-based understanding, knowledge, and skills in assessing and managing risk for violence that professionals can apply in practice.
