

HCR-20 V3 BOOSTER TRAINING WORKSHOP SERIES

Protect International is pleased to present an HCR-20 V3 Booster Training across four 3-hour sessions on 6 April, 11 May, 8 June, and 6 July 2023 virtually via Zoom.

WHY ATTEND?

This workshop series has been designed to boost your skills when using the Historical-Clinical-Risk-Management-20 Version 3 (HCR-20 V3) to assess and manage violence risk. You will sharpen and maintain your skills by reviewing and discussing real, sanitized practice cases from correctional, higher education, forensic mental health and health care settings. This workshop series involves case review and completion of the HCR-20 V3 worksheet on your own before the workshop and case review and group discussion during the workshop.

WHO SHOULD ATTEND?

This workshop is designed for professionals whose work involves risk assessment and management, including those working in criminal justice, security, victim services, forensic mental health, civil mental health, general health care, social services, human resources, occupational health and safety, and legal services. Attendees of this workshop series must have completed an HCR-20 V3 workshop (2 days). Complimentary access to a webinar on the HCR-20 V3 will be provided for those who would like a refresher.

WORKSHOP INSTRUCTORS

Drs. Kelly Watt and Brianne Layden are internationally recognized experts, prolific authors, and engaging presenters. They have been involved in developing, implementing, and evaluating risk assessment procedures around the world. They are passionate about providing evidence-based understanding, knowledge, and skills in assessing and managing risk for violence and self-directed violence that professionals can apply in practice.
