FOUNDATIONAL VIOLENCE RISK ASSESSMENT AND MANAGEMENT WORKSHOP

Protect International is pleased to present a 5-Day Foundational Violence Risk Assessment and Management Workshop. 12 September 2023 is taking place via Zoom and 3 – 6 October 2023 is taking place in person in Vancouver.

This workshop will provide an opportunity to learn new skills and build on existing skills in assessing and managing risk for violence. Not only will you learn about general violence risk assessment and management principles focusing on the most common forms of violence, but also about best practices supported by researchers and practitioners around the world. Successful completion will be recognized with a certificate.

The specific tools you will learn to administer include the new versions of the HCR-20 and SARA, as well as the B-SAFER and SAM. All of these tools are structured and evidence-based and amongst the most widely used procedures for assessing and managing violence risk.

Thousands of professionals from hundreds of settings across the world have taken part in our workshops to date and the procedures developed by our Threat Assessment Specialists are among the most widely used in the field. Our Violence Risk Assessment and Management Workshops are the only ones in this field that have been subjected to systematic empirical research and evaluations indicate that the vast majority of participants recommend our workshops.

The workshop will be facilitated by one or more of Protect International's Threat Assessment Specialists, who include **Drs. Stephen Hart, Kelly Watt, Randy Kropp,** and **Brianne Layden.**

WHY ATTEND?

WORKSHOP INSTRUCTORS

The instructors are internationally recognized experts, prolific authors and engaging presenters. They have been involved in developing, implementing and evaluating risk assessment procedures internationally. They are passionate about providing evidence-based understanding, knowledge and skills about violence risk assessment and management that professionals can apply in practice.

The instructors all work as Threat Assessment Specialists at Protect International Inc. Combined they hold doctorates in clinical-forensic psychology and clinical-community psychology, and have a background in law. They also hold appointments at Simon Fraser University, University of Bergen, University of Oslo and Mid-Sweden University. They have played key roles in national and international organizations, including the Canadian Association of Threat Assessment Professionals, American Psychological Association, American Psychology-Law Society, and the International Association of Forensic Mental Health Services.

We disseminate the Intelligence newsletter that provides professionals with important updates about research, practice, and the law related to threat assessment with international implications.

Their work focuses on conducting assessments, providing training, and developing, implementing and evaluating strategies related to preventing, assessing, and managing violence. Specifically, the instructors specialize in risk for various forms of violence including general violence, intimate partner violence, stalking, sexual violence, honour-based violence, elder abuse, youth violence, self-directed violence and group-based violence.

The instructors have received numerous awards for their work in this area and combined have co-authored more than 1,250 articles, chapters, books, manuals, and presentations, and conducted more than 850 workshops around the world.
