

ESSENTIALS OF VIOLENCE PREVENTION AND INTERVENTION PROGRAMS

Protect International is pleased to present 5-Day Essentials of Violence Prevention and Intervention Programs. The workshop is taking place between 2-6 December 2024 via Zoom!

This workshop will provide you with essential knowledge and skills related to developing, implementing, operating, and evaluating comprehensive workplace violence prevention and intervention programs as outlined in international standards of practice. Specific topics to be covered include legal responsibilities, practice standards, policies and procedures, employee training, workplace investigations, fear management, information sharing, risk communication, management plans, and threat assessment teams.

The workshop comprises five 1-day modules. Although we have offered each of these modules before, at the request of our clients we are now offering them bundled as a 5-day course. You have the option of attending as many or as few 1-day modules as you want. Successful completion of each 1-day module will be recognized with a certificate. Those who register for all five 1-day modules will receive a 20% discount off the total price.

Thousands of professionals from hundreds of settings across the world have taken part in our workshops to date and the procedures developed by our Threat Assessment Specialists are among the most widely used in the field. Our workshops are the only ones in this field that have been subjected to systematic empirical research, and evaluations indicate that the vast majority of participants recommend our workshops.

The workshop will be facilitated by one or more of Protect International's Threat Assessment Specialists, who include **Drs. Stephen Hart, Kelly Watt, Randall Kropp, Kevin Douglas,** and **Brianne Layden.**

WHY ATTEND?

DEVELOP YOUR SKILLS

Build your expertise when making decisions about how to develop, implement, operate, and evaluate violence prevention and intervention programs.

IMPLEMENT BEST PRACTICES

Learn about essential information and best practices of violence prevention and intervention programs to help you prevent future harm to others and protect your organization from liability.

NETWORK WITH OTHERS

Strengthen your relationships with other professionals with a shared interest in and responsibility for violence prevention and intervention programs.

WHO SHOULD ATTEND?

This workshop is designed for professionals whose work involves risk assessment and management, including those working in criminal justice, security, victim services, forensic mental health, civil mental health, general health care, social services, human resources, occupational health and safety, and legal services.

Workshop Overview

DAY 1

Legal Responsibilities

- Review legal duties and legal issues pertaining to workplace violence prevention and intervention programs

Practice Standards

- Identify the critical elements of comprehensive workplace violence prevention and intervention programs

DAY 2

Policies and Procedures

- Discuss potential solutions for organizations related to policies and procedures for workplace violence prevention and intervention programs

Employee Training

- Review the goals and content of programs for training employees to prevent violence using verbal and non-verbal skills

DAY 3

Workplace Investigations

- Learn about the purpose, nature, and process of conducting investigations related to workplace violence

Fear Management

- Learn about the nature of fear, the implications for safety, and strategies for managing fear and supporting victims and others

DAY 4

Information Sharing

- Review relevant legislation and general principles related to information sharing and workplace violence risk

Risk Communication

- Discuss principles for effective communication about workplace violence risk in verbal and written reports

DAY 5

Management Strategies

- Learn best practices for structuring and implementing immediate and long-term plans for managing workplace violence risk

Threat Assessment Teams

- Identify challenging issues and promising practices related to establishing and operating threat assessment teams

Daily Schedule

The workshop runs from 9:00 am to 4:30 pm Pacific (PDT/Vancouver, BC, Canada) each day with 1-hour lunch break and two 15-minute breaks.

Certificate of Completion

Successful completion of each 1-day module will be recognized with a certificate.

WORKSHOP INSTRUCTORS

The instructors are internationally recognized experts in violence risk who work as Threat Assessment Specialists at Protect International. They have doctoral degrees in clinical-forensic or clinical-community psychology. They are active and have played key roles in national and international professional associations such as the Canadian Association of Threat Assessment Professionals, the American Psychology-Law Society, and the International Association of Forensic Mental Health Services. Outside of Protect International, they hold appointments at organizations such as Simon Fraser University, the University of Oslo, Helse Bergen, and British Columbia Forensic Psychiatric Services. Collectively, they have authored or co-authored more than 1,500 books, chapters, journal articles, and presentations at scientific and professional meetings. They have received numerous awards and distinctions for their work.

The instructors have a combined total of more than 125 years of experience helping organizations around the globe to deal more effectively with violence risk in workplaces and other settings. They have experience working in diverse settings and with a broad range of violence, including intimate partner violence, stalking, sexual violence, elder abuse, self-directed violence, honour-based violence, and extremist violence. They are passionate about providing evidence-based knowledge and skills related to violence risk assessment and management that professionals can apply in practice. They are skilled and engaging presenters who have provided more than a thousand workshops around the world.
