

SARA-V3 WORKSHOP: ASSESSING AND MANAGING RISK FOR INTIMATE PARTNER VIOLENCE

Protect International is pleased to present a SARA-V3 Workshop across four 3-hour sessions between 2-5 December 2024 (PST) via Zoom.

WHY ATTEND?

Intimate partner violence is one of the most common forms of violence and is potentially lethal. In light of the pervasive and serious nature of this problem, it is critical that professionals engage in best practices when assessing and managing risk for intimate partner violence to prevent future tragedies. During this workshop you will learn about the nature of intimate partner violence, general principles of violence risk assessment and management, and how to administer the Spousal Assault Risk Assessment Guide, Version 3 (SARA-V3). Participants will be given an opportunity build their skills in this area through practice cases.

WHO SHOULD ATTEND?

This workshop is designed for professionals whose work involves risk assessment and management, including those working in criminal justice, security, victim services, forensic mental health, civil mental health, general health care, social services, human resources, occupational health and safety, and legal services.

WORKSHOP INSTRUCTOR

The instructor, **Dr. Stephen Hart** is an internationally recognized expert, prolific author, and engaging presenter. He has been involved in developing, implementing, and evaluating risk assessment procedures around the world. He is passionate about providing evidence-based understanding, knowledge, and skills in assessing and managing risk for violence that professionals can apply in practice.
